ORDER No. R. 3095-3106—L. R. 265-25-2, DATED 18TH DECEMBER 1925.

The Inspector of Office Systems considers that the Village Account Forms and Registers as in use at present are on the whole suitable and that no material reduction or modification in them is called for. In view, however, of the revision of the forms of the Irsal Patti and Revenue Accounts in Taluk Offices certain consequential changes in them are necessary. These changes as well as a few minor alterations in some of the village accounts to ensure easy verification of the village and Treasury Accounts are suggested by him in the Note read above, after studying the system of village accounts in Bombay and Madras. The Revenue Commissioner who was consulted in the matter agrees generally with the proposals made by the Inspector of Office Systems, subject to a few modifications. Government accept the recommendation of the Revenue Commissioner and are pleased to direct that the village account forms be amended as in the revised forms appended to this order. Village account forms 6, 8, 11, 12 to 17 will remain as heretofore.

2. The Superintendent, Government Printing, is requested to print and supply the approved forms on indent by the Deputy Commissioners of Districts.

3. The attention of the Amildars should be drawn to the instructions contained in the note of the Inspector of Office Systems with regard to the maintenance of the several forms and registers referred to in this order. The Revenue Commissioner is requested to incorporate necessary instructions in the Village and Taluk Manuals for the guidance of the Taluk and Village Officials.

4. Circular instructions regarding the correct and up-to-date maintenance of the supplemental khetwar may also be issued early as proposed by him.

5. The question of introducing the Pahani Inspection Note Book and the printed receipt forms for acknowledging the payment of land revenue invariably in all cases (*vide* paragraphs 5 and 10 of the Revenue Commissioner's Un-official Note) is reserved for separate consideration.
